RE: Water District upgrades and Projects for System Improvements

To all Water System Users,

We constantly strive to provide the best service and best water quality to all our users. These efforts, as well as system maintenance, require funds to accomplish. These burdens must be borne by the user, unless another source of funds is found.

We have been working with the Office of Environmental Health and Engineering (OEH&E) thru the Chickasaw Nation to try and obtain another source of funds for these projects. These funds are provided through the Indian Health Service. In order to utilize this source of funding, we need to provide some information to the Chickasaw Nation OEH&E, namely the physical address of Native Americans who are users of the system.

If you or any members of your household are of Native American descent, please circle YES or NO, if YES please specify which nation you are a tribal member of and complete 1 of the 2 methods provided below at your convenience.

Nation: _____ Number is Household: _____

1- Scan the QR Code provided with this letter and enter your address.

OR

2- Write your 911 or physical address on this request and return it to the office.

Physical or 911 Address: _____

We do not need your name or any form of documentation, such as CDIB card, nor do we need any documentation of tribal affiliation. You do not have to hold any tribal documentation to answer this request, simply whether you or a household member(s) are of Native American descent and your physical or 911 address.

Thank you very much for your cooperation! This will lower the expenditures made by the County, and, thereby, keep your cost lower. Any questions please call the office Monday - Friday 8am-4:30pm at (580-924-8517).

Thank-You,
Regina Clinton, Manager

1. Open the Camera app on your phone.
2. Hold your phone so that the QR code appears in view.
3. Tap the notification to open the link associated with the QR code.
